Classical element - Wikipedia In classical thought, the four elements earth, water, air, and fire as proposed by Empedocles frequently occur; Aristotle added a fifth element, aether; it has been called akasha in India and quintessence in Europe. The Four Classical Elements - ThoughtCo Each of the elements is associated with traits and meanings, as well as with directions on the compass. The following directional associations are for the Northern hemisphere; readers in the Southern hemisphere should use the opposite correspondences. 4 Elements - Shockwave.com Download the full version of 4 Elements FREE!
